

Meteor^{USB}

Duplicate to multiple USB drives simultaneously

Supports synchronous and asynchronous copy modes

High-speed copy – up to 10MB/sec

Available with up to 118 target drives

Standalone – no PC required

Simple operation

The Meteor^{USB} professional duplicator offers fast, efficient and convenient copies of your important data from erasable USB storage at a cost effective price. Available with between 3 and 118 target drives, Meteor^{USB} copiers are perfect for data-sensitive disc production with no PC intervention for minimum security risks.

With no PC or hard drive required the Meteor^{USB} offers a secure and reliable duplication service. A compact and stylish design coupled with a bit-by-bit compare function to confirm successful copies, makes the Meteor^{USB} a reliable, affordable and convenient USB storage duplicator.

Advanced asynchronous duplication means no waiting and no interruption as each channel can independently load, unload and copy.

Rigorously tested for performance and reliability, Meteor tower duplicators are manufactured to strict quality control standards, delivering enhanced duplication at every level.
