

Dual, High Volume Disc Printer

Dual CD, DVD & BD Print Station

Double your output

TWO bulk-ink, inkjet printers

660 disc capacity

Network enabled

Manually loading discs into a printer can be a time-consuming and laborious task, especially if your requirement for printed discs exceeds more than ten at a time. The **CopyDisc Ice<sup>2</sup>** auto-loading, dual print station features two bulk-ink, on-disc printers and a staggering 660 disc capacity, delivering the ultimate, on-demand disc printing system on the market.

The combination of two bulk-ink printers with the extra large disc capacity enables long and continuous operation, bringing professional print quality to the industrial, high-volume user. The CopyDisc Ice<sup>2</sup>'s robotic arm transfers discs from the input spindles directly into the printers. Printing starts to take place as soon as the disc is placed into the printer drawer. Once complete, discs are removed to the output spindles.

Utilising the very latest in Hewlett-Packard inkjet technology, the Panther, bulk-ink, inkjet printers deliver an impressive 4800dpi, print resolution and superior print speeds. Individual, large-capacity ink cartridges afford users the ability to print high volumes of professional quality discs at the lowest possible cost per print. Each Panther printer can print over 1500 discs on one set of cartridges alone. The clever software also allows for, true, real-time ink monitoring, so you need never run out of ink mid job again!

The CopyDisc Ice<sup>2</sup> autoloader is operated via a PC through a USB 2.0 port, delivering the fastest data transfer and printing times possible. CopyDisc Ice<sup>2</sup> can also be networked via Verity Systems' **DiscPilot** software. Multiple users are able to submit their job to the CopyDisc and their jobs will be produced in the order submitted.

Dual, High Volume Disc Printer

Function:

High Capacity Inkjet Disc Printer

Disc Capacity:

660

Media Handling:

120mm inkjet printable CDs, DVDs & BDs

Maximum Resolution:

4800 x 1200dpi

Cartridges:

4 individual proprietary ink cartridges per printer (genuine HP inks)  
Black 69ml  
Cyan 28ml  
Magenta 28ml  
Yellow 28ml

Label Design Software:

CD Label Designer

Printer:

2 x Panther Printers  
Inkjet

Dimensions (W x H x D):

22" x 25" x 31"  
559 x 635 x 788mm

Weight:

100lbs (45.4kg) including 2 printers

Minimum System Requirements:

Celeron 2GHz, 1024Mb/1Gb RAM, USB 2.0 and D-sub 9-pin RS-232C\*\*\*  
Windows XP SP2

Voltage:

100-240V AC  
50/60Hz

Operation:

PC Required

## Warranty

12 months back to base, all parts and labour included.  
Print heads only warranted for 30 days.  
Consumables not warranted.  
Extended warranties also available.

**Panther: bulk ink, inkjet printer**
