

Mass CD and DVD duplication

Expands from 10 up to 50 target drives

Copy Protection Software (option)

500Gb Internal Hard Drive (option)

USB 2.0 Connection (option)

Quick & Easy to use

The Lightning DC (Daisy Chain) duplication system is a revolutionary solution that will expand to allow you to link up to five, 10 drive towers to give an incredible 50 simultaneous target drives. Consisting of one 11 DVD±R drive **MASTER** tower and up to four 10 DVD±R drive **SLAVE** towers, the Lightning DC duplicators can be linked together to form a chain of up to five duplicators and 50 target drives.

The Lightning DC is extremely quick and easy to use. Simply place the disc to be copied into the top DVD±R drive of the MASTER tower and press copy. The data will pass to the connected towers through the high performance daisy chain cables and up to 50 discs will be produced simultaneously. Alternatively duplication can be made from a master stored on the optional 500GB hard drive for even faster duplication times.

Lightning DC Tower supports up to 20x DVD duplication. The optional USB 2.0 connection enables users to transfer data directly from a PC to the Lightning DC's hard drive, then, with a simple press of a button, up to 50 perfect copies can be made ready for distribution. Copy protection can also be applied to DVD-Video files using the optional CopyBLOCK Copy Protection Software, allowing users to protect their DVD-Video content from unauthorised duplication.

Designed to withstand 24/7 operation and heavy production runs the Lightning DC duplicators enhanced vented air circulation system means that your towers never require cooling off periods.

Rigorously tested for performance and reliability, Lightning DC duplicators are manufactured to strict quality control standards with an aluminium case and built in power supplies, delivering enhanced duplication at every level and at all times.

Function: DVD/CD Daisy Chain Duplicator

Media Handling: DVD±R/RW, DVD+R DL, DVD-ROM, DVD-Video, CD-R/RW, Audio CD, CD-ROM, CD-DA, CD-ROM XA, Multi-Session Photo CD, CD-I, D Extra, VCD, CD+G

Targets: **Master:** 11 DVD±R target drives
Slave: 10 DVD±R target drives (up to 4 slaves can be connected to the master)

Drives: DVD±R/DL

Maximum Writing Speeds: 20x DVD±R/

Interface/Connectivity: USB 2.0 option

Internal Hard Drive: 500GB option

Dimensions (WxHxD): 7.5" x 25" x 16.25"
For each 10 target tower 190mm x 635mm x 417mm

Weight: Approx. 55lbs (25kg)
For each 10 target tower

Voltage: Input: 100~ 240V AC
Output: +5V DC, 3.8A

Operating Temperature: 30°F ~ 100°F

Operating Humidity: 10% ~ 80%

Regulations: FCC, CE, RoHS

Operation: No PC Required

Options

500Gb hard drive
USB 2.0 connection
CopyBLOCK – Copy protection software for DVD-Video. Hard drive and USB 2.0 connection required

Throughput (approx. discs per hour)

No. Drives	10	20	30	50
4.7GB DVD:	100	200	300	500

Warranty

2 year warranty.
12 months back to base, all parts and labour included.
2nd year excludes drives, hard drives and carriage.
Extended warranties also available.
