Durable housing for industrial use

Easy to use

New Rackmount PowerTower duplicators are the perfect solution to maximise space and meet your growing duplication demands.

These innovative multi-drive CD/DVD Rackmount duplicators yield up to 9 copies at a time, and their stand-alone feature make them ideal for just about any work environment. Heavy-duty steel housing with enhanced air circulation vents and a screw-less thumbscrew design provide superior durability; a full range of sizes, from 3 Target (4-bay), 5 Target (6-bay), 7 Target (8-bay) to 9 Target (10-bay), grants additional flexibility.

All Rackmount duplicators also include our high-performance duplicator controller, which offers simple, one-button operation for beginners and advanced menu options for professional users. The Rackmount PowerTower Duplicators are simply one of the fastest and most reliable Rackmount duplicators on the market today.

Rigorously tested for performance and reliability, Rackmount Towers are manufactured to strict quality control standards with an aluminium case and built in power supplies, delivering enhanced duplication at every level and at all times.
